The board adopted plans for raising money for the purpose of duplicating at Chicago the Mount Vernon mansion, to be used as headquarters for visiting Virginians during the fair. The effort is to be made by the auxiliary boards throughout the State to provide a fund for this purpose independent of the State appropriation. To raise money souvenir certificates of stock are to be sold and concerts and other entertainments are to be given. The meeting adjourned subject to the call of the president.

THE MARKET this morning was suggestive of mid-summer, everything seasonable being presented in abundance and in the most tempting manner. Buyers were numerous and bargained to and fro, stopping first at one attractive stand and then at another. Prices were about uniform, and housekeepers were more in search of the most tempting assortments of fruit, vegetables, &c., than for lower prices. Rates, however, were weakening as the supplies increase, and in a few days many articles of produce which have during the spring and early summer been scarce and high will be abundant and within reach of all. Butter 20a25c a pound for country product; eggs 18a20c a dozen; watermelons 20a40c a piece; raspberries 12a15c a box; blackberries 6a10c a quart; tomatoes 15a20c a box for home grown; cabbins 1a3c each; cucumbers 20c a dozen; beans 2a4c a bunch; onions 2a3c a bunch; peats 25c a peck; string beans 30c a peck; cabbage 1a2c per head; new potatoes 30c a peck, &c.

FOURTH OF JULY.—Monday next, the Fourth of July, as is well known, will be a sort of day of rest for the greater portion of the community looking forward to a relaxation from the cares and trials of business. Numerous private parties have been organized for the purpose of spending the day in rural retreats or beside the river's banks in picnic style, while the excursion steamers have made elaborate preparations to accommodate the large crowds who patronize them on this national holiday. The various public offices will be closed and the telephone exchange and post-office will observe Sunday hours.

Mr. A. W. Bowie, depot agent at Cur's Gap, has resigned, and Mr. C. W. Morris takes his place.

I have to the line and give Cousin Ben—on his Force bill. It is already having its effect. We did not have any third party in our county. Bro. Turner came down and stayed a few days with us and talked the subject up. I told him it would not work in Stafford, so he gave us the go-by."

SLIGHT ACCIDENT.—The steamer Columbia after having been handsomely repainted resumed her trips on the ferry line this morning and looks as neat and clean as possible. On her first trip from Washington this morning through a wrong interpretation of the signal bell, the steamer ran into the end of the wharf here, broke some of the piles and also her flag staff. The damage, however, was trifling.

THE CANTATA OF THE COLORED SCHOOLS.—The cantata at the closing exercises of Snowden and Hallowell schools on Thursday night was a financial as well as a musical success. The charge was made simply to pay expenses, but a profit of nearly \$80 was unexpectedly made and will be appropriated to the use of the two schools in the purchase of books for the foundation of school libraries.

A violent rain and wind storm passed over Charles county, Md., on Thursday evening, and did considerable damage to buildings, fences and crops. The roof on the Chapel Point Hotel, at St. Thomas's, was blown off, and the steeple and roof of St. Thomas's Church was badly damaged, part of the roof being blown off and the steeple left in such a condition as may necessitate its taking down and rebuilding.

The damage to the hotel and other church property, it is estimated, will amount to several thousand dollars.

ICE GROTTOS IN FRANCE AND ITALY.

—In a large forest about five leagues from Besancon, Province of Franche Comte, France, there is an opening in the mountain side which leads to a cavern about 900 feet below the level of the surrounding country. The average width of the opening is 50 feet, and its average height is more than 20 feet greater. The cavern itself, which is one of nature's perfect ice houses, is 135 feet in breadth and 167 in length. To the right of the entrance there is a deep and narrow chasm in the wall, bordered with festoons of ice, which, distilling in successive drops on the bottom of the cavern have formed a gigantic column of pure ice about 30 feet in diameter. The floor of the cavern is as near level as if it had been finished by a trained carpenter, and is covered with ice to the depth of 18 inches or 2 feet. Of late years hundreds of tons of this ice are hoisted to the surface and used during the summer by the inhabitants of the towns adjacent. The cold in the cavern is so great, no odds how warm the external atmosphere, that the visitor cannot prolong his stay without inconvenience, unless wrapped in winter clothing. There are not less than a score of these natural ice houses in France, and probably half as many in Italy. At Douze, also in Franche Comte, there is an ice grotto where the congelations take upon themselves many odd and curious forms, such as bridges, trees, animals, etc.

SOMETHING AKIN TO A CYCLONE passed over that portion of Loudoun between Aldie and Goose Creek, on Thursday last. The wife and several children of Mr. Wm. Brooks, of Leesburg, were caught in the storm near Little river on the Leesburg and Aldie pike. Apprehensive that the carriage would be blown over, they hurriedly got out of it, when it was blown over and broken to pieces. No one was hurt. Large trees were blown down, and fences and wheat and corn fields much injured. Near Ball's Mill considerable hail accompanied it, which did much damage to the growing corn. It extended on down through a portion of Broad Run district, leaving its track in blown up timber and scattered fences, &c.—Leesburg Washingtonian.

AN ANGRY GIRL PILES A LASH.—Miss Lizzie Montgomery, aged 23 years, the black-eyed daughter of Frank Montgomery, of Hackensack, N. J., Thursday night horsewhipped John Richard Halstead, a bachelor of 37.

The young woman had been repeatedly told that Halstead, who had visited Annie Welsh, a pretty widow employed in widower Montgomery's household, had slandered Montgomery, his daughter and the widow. As Miss Montgomery walked up to Halstead on the street who exclaimed as she plied the lash: "I'll teach you to talk about me!"

MRS. HANNA LEE, Richmond, Va.

ALLOW ME to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of influenza and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate. I was less than twenty-four hours the catarrhal symptoms and my hoarseness disappeared and I was able to sing a heavy role in Grand Opera with voice unimpaired. I strongly recommend it to all sufferers.—Wm. H. Hamilton, Leading Bass of the C. D. Hers Grand Opera Co.

FALSE ECONOMY is practiced by people who buy inferior articles of food because cheaper than standard goods. Infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

Mrs. J. Caltuter, Maple Grove, Md., says:

"Stonebraker's Liver Pills is the best medicine I ever tried for sick headache. Price, 25 cts."
